

AGRONOMY INTERNSHIP SUMMER 2025

Feldpausch Seed and Agronomy, a division of Pat Feldpausch Farms, is seeking an Agronomy Intern for employment throughout the Summer of 2025. Located in Fowler, Michigan, the farm is located approximately 30 miles northwest from the campus of Michigan State University. Interns will be exposed to a wide variety of hands-on opportunities while supporting sales of Pioneer Corteva as well as other chemical and fertilizer products. On-site training will be provided as needed and some travel may be required.

DUTIES

- Seed Treater Operation
- Plot Planning, Planting, Maintenance, and Harvest
- Customer Order Fulfillment and Delivery
- Field Signage
- Assist with Customer and Supplier Events
- Support Marketing through Content Generation for Social Media and Websites
- Soil Sampling
- Stand Counts
- Tissue Sampling
- Emergence Scoring
- Field Scouting (Weed / Insect Identification)
- Forklift Operation

REQUIREMENTS

- Ability to obtain a F-Endorsement or CDL
- Ability to lift bags up to 50lbs
- Complete required training and attend mandatory meetings
- Ability to learn quickly, apply knowledge and education, and have an attention for detail
- Available for flexible / seasonal hours as needed

INTERNSHIP BENEFITS

- Apply your education with hands-on experiences in real-world agricultural operations
- Learn about the inner workings of agricultural product sales
- Exposure to modern agronomic practices and technologies

ABOUT PAT FELDPAUSCH FARMS

Pat Feldpausch Farms (PFF), established in 1992 and located in Fowler, Michigan, uses innovative, progressive, and precision agriculture practices to grow corn, soybeans, and wheat. PFF consists of a 2800+ acre cash crop farm and provides custom ag services including seeding, spraying, and fertilization. Additionally, the Feldpausch Seed and Agronomy (FSA) division manages seed, fertilizer, and chemical sales and Feldpausch Precision Services (FPS) division provides technology enhancements for seeding, spraying, and harvest operations. Together, PFF, FSA, and FPS is a one-stop-shop for advanced agricultural products and services. Pat's mantra "The right way the first time," is instilled in his team as they work together to provide customers with the resources they need to gain maximum profitability on their own farms.

HOW TO APPLY

Email your resume and cover letter to office.patfarms@gmail.com with subject line "Summer 2025 Agronomy Intern". Questions? Call 989-593-3464.
